Assessment title	Abr.	Weighting
Individual Report	WRIT1	50%

Pass marks are 40% for undergraduate work and 50% for postgraduate work unless stated otherwise.

Task/assessment brief:

Using the knowledge gained from this module, you are required to create a business plan for an innovative business idea of your choice. The business plan should address the following key tasks, covering the essential aspects of the proposed business concept.

NOTE: Even though the following tasks are part of your business plan, theoretical ideas, proposed strategies and industry/ environmental/ competitor analysis and the like should be duly supported with in-text citations to fulfil requirements of this academic submission.

1. Provide a brief description to the proposed business including business concept, vision, mission, and primary goals and specific objectives. Introduce your product/s or service/s along with your unique value proposition. (20 Marks)

2. Critically analyze the business environment and industry to which your business belongs and competitive landscape. Identify and analyze current trends, developments, opportunities, and challenges within the industry with special reference to your context. You are required to use proper citations when conducting the analysis. (20 Marks)

3. Evaluate the target markets, positioning strategies, branding and tactical marketing strategies of the proposed business. In addition, identify the key competitors and analyze the nature of competition. (20 Marks).

4. Briefly explain the supply chain, production/ service provision process, management team, CSR and ethical consideration of the proposed business. Provide an overall schedule of key milestones and timelines for the development, launch, and growth of your business. (20 Marks)

5. Provide detailed financial projections for the first five years of operations, including expected revenue, costs, and profitability (income statements). Prepare a startup cost schedule and identify potential sources of capital. (20 Marks)

Demonstration of strong theoretical knowledge and critical analysis skills is expected. Write answers with detail and depth. Use about 20-25 academically valid sources to validate your arguments. Use grammatically correct language and correct in text and end text referencing techniques.

Take into account the instruction verb in question e.g. develop, critically discuss etc. when structuring answers.

Word count (or equivalent):	2000

This a reflection of the effort required for the assessment. Word counts will normally include any text, tables, calculations, figures, subtitles and citations. Reference lists and contents of appendices are excluded from the word count. Contents of appendices are not usually considered when determining your final assessment grade. Utilize the word count in proportion to the marks allocated for each task. Do not exceed the word count allocated for each task. An allowance of +/-10% on word count is allowed.

Academic or technical terms explained:

Artificial Intelligence Models – Guidance for this assessment:

Artificial Intelligence (AI) models can be a powerful tool to support your learning. The University has provided some resources to support you in its appropriate usage:

- Library Services AI Hub
- Student Guide to AI and Assessment
- Code of Conduct for Students on the use of AI
- Cite Them Right resource on citing materials relating to AI (if permitted)

As per the academic regulations (Academic Handbook Ah1_08), in all cases you must submit work that is your own, acknowledging any part of it that has been informed by another source – including that which is AI generated. Upon submission of work, you will be asked to confirm the following statement:

> *I confirm that this assignment is my own work, except where I have acknowledged the use of works from other sources, including the use of any artificial intelligence (AI) tools, in accordance with what is allowable as described in the assessment brief.*

Please note the following:

- AI should not be used as a substitute for your own knowledge, and you should never include any material that you do not understand and could not explain if asked.
- Not being able to explain your work when asked is likely to be a key factor when considering cases of academic misconduct related to AI.

The following information provides specific guidance for this assessment about what level of AI use is appropriate for this assessment. Remember that in all cases you must submit work that is your own, acknowledging any part of it that has been provided by another source.

NO USE OF GENERATIVE AI EXPECTED • Your assignment should be produced using information sourced by you from your learning materials and academic sources and cited appropriately. • AI tools for checking spelling, grammar and referencing may be used.	☑
AI ACKNOWLEDGED • You can use AI tools to learn about your topic, as part of your study, or in preparing initial guidance on assignments (e.g. headline structure, suggestions for inclusion of topics). • Any materials that you have sourced from AI should be rewritten or reconfigured and integrated into your own work and referenced appropriately. It is recommended that this is confirmed by a relevant academic source. • Any support gained from AI should be acknowledged in a statement at the end of the assignment, making clear what the support was, and how you used it and developed it for your own work. Example statements are available in the Student Code of Conduct [link].	
AI EMBEDDED • Use of AI is an integral and expected part of the assessment.	

- The explicit inclusion of AI within the assessment means that instructions on the expected use will be part of the assessment brief.
- Your assessment brief will describe how you should acknowledge the way in which you used AI tools.

Submission Details

Submission Deadline:	This will be provided on the Moodle submission point.	**Estimated Feedback Return Date**	This will normally be 20 working days after initial submission.
Submission Time:	By 2.00pm on the deadline day.		

Moodle/Turnitin: Any assessments submitted after the deadline will not be marked and will be recorded as a non-attempt unless you have had an extension request agreed or have approved mitigating circumstances. See the School Moodle pages for more information on extensions and mitigating circumstances.

File Format: The assessment must be submitted as a pdf document (save the document as a pdf in your software) and submit through the Turnitin submission point in Moodle.

Your assessment should be titled with your:

student ID number, module code and assessment ID,
e.g. st12345678 BHL5007 WRIT1

Feedback Feedback for the assessment will be provided electronically via Moodle. Feedback will be provided with comments on your strengths and the areas which you can improve. View the guidance on how to access your feedback.

All marks are provisional and are subject to quality assurance processes and confirmation at the programme Examination Board.

Assessment Criteria

Learning outcomes assessed

- Evaluate the concept of entrepreneurial strategy.
- Evaluate the main theoretical principles, which underpin the study of Entrepreneurship and Innovation.

Other skills/attributes developed

This includes elements of the Cardiff Met EDGE (Ethical, Digital, Global and Entrepreneurial skills) and other attributes developed in students through the completion of the module and assessment. These will also be highlighted in the module guidance, which should be read by all students completing the module. Assessments are not just a way of auditing student knowledge. They are a process which provides additional learning and development through the preparation for and completion of the assessment.

Criteria for marking

Criteria #	Very good answer	Good answer	Average answer	Poor answer	Very poor answer
01	20-17	16-13	12-09	08 - 05	04-00
	Excellent discussion on the business concept. Excellently articulated vision, mission, and primary goals and specific objectives (SMART objectives). An excellent discussion on the products/ services was visible. Unique value proposition was clearly highlighted. Formatting, structuring and language was excellent as well. Word count was wisely utilized. Used citations when and where required.	Good discussion on the business concept. Articulated the vision, mission, and primary goals and specific objectives (SMART objectives). in a good manner. Fairly presented the discussion on the products/ services. Unique value proposition was fairly highlighted. Fairly cited theoretical areas. Good structure and formatting was observed.	Average discussion on the business concept. Articulated the vision, mission, and primary goals and specific objectives in an average manner. Broad goals were mentioned, but did not apply SMART framework to objectives. Averagely presented the discussion on the products/ services. Unique value proposition was moderately highlighted. Student missed some areas of the task or contained some lapses. Student exceeded the word count in a drastic manner.	Poor discussion on the business concept. Articulated the vision, mission, and primary goals and specific objectives in a poor manner. Products/ services description and Unique value proposition were vague. Poor or vague discussion on processes. Adequate depth was not addressed. Non cited and unstructured work.	Very poor work. Either the answer was very weak, lacked depth and irrelevant.

02	20-17	16-13	12-09	08 - 05	04-00
	Critically analyzed the business environment and industry landscape by identifying current development, trends, opportunities, and challenges in an excellent manner. Student used ample citations to support the analysis. Formatting, structuring and language was excellent as well. Word count was wisely utilized. Analysis was applied to the context of the business.	Critically analyzed the industry landscape by identifying current development, trends, opportunities, and challenges in a good level. Student cited the answer at a good level. Formatting, structuring and language was fairly. Word count was wisely utilized. Analysis was applied to the context of the business.	Critically analyzed the industry landscape by identifying current development, trends, opportunities, and challenges in an average manner. Student only recognized a limited number of trends/ challenges and opportunities. Analysis was generic, not context specific. Averagely cited work. Student exceeded the word count in a drastic manner.	Poorly analyzed industry landscape with weak identification of current trends, opportunities, and challenges. Or else the answer was too brief and lacked depth. Or, adequate facts were included, but in text citations were very less (Eg: Just 1-2 citations).	Poor performance on the task. Irrelevant discussion. Or, answer has not been cited at all and thus a very poor answer.
03	20-17	16-13	12-09	08-05	04-00
	Excellently evaluated target market, positioning strategies, branding and tactical marketing strategies of the proposed business. Key competitors were identified and the nature of competition	Good evaluation on target market, positioning strategies, branding and tactical marketing strategies of the proposed business. Key competitors were identified and the nature of competition was discussed in a good manner. Good structure and cited all possible areas fairly.	Average evaluation on target market, positioning strategies, branding and tactical marketing strategies of the proposed business. Student did not clearly applied strategies, but offered a generic overview.	Poor work on target market, positioning strategies, branding and tactical marketing strategies of the proposed business. Student did not properly identify prospective strategies or did not cite any strategies proposed.	Very poor work. Answer lacked depth or lacked required elements.

	was well discussed. Excellent structure and cited all possible areas adequately.		Theoretical ideas were averagely cited. Key competitors were identified and the nature of competition was discussed averagely.	Key competitors were poorly identified and the nature of competition was discussed poorly.	
04	20-17	16-13	12-09	08-05	04-00
	Excellent discussion on the location of the supply chain, production process or the service provision process, management team, CSR & ethical consideration of the proposed business. Excellently provided an overall schedule of key milestones and timelines for the development, launch, and growth the business. Timeline for development and launch was depicted in a Gantt Chart. Milestones were clearly outlined on a table. Formatting, structuring and language was excellent as well. Word count was wisely utilized. Used citations when and where required.	Good discussion on the location of the supply chain, production process or the service provision process, management team, CSR & ethical consideration of the proposed business. An overall schedule of key milestones and timelines for the development, launch, and growth the business was provided in a good way with few weaknesses. Timeline for development and launch was depicted in a Gantt Chart. Milestones were clearly outlined on a table. Fairly cited theoretical areas. Good	Average discussion on location of the supply chain, production process or the service provision process, management team, CSR & ethical consideration of the proposed business. Key milestones and timeline were provided vaguely in simple points. Structure and formatting was averagely addressed. Or else, the student partially addressed the task. Student missed some areas of the task or contained some lapses. Student exceeded the word count in a drastic manner.	Poor discussion on the location of the supply chain, production process or the service provision process, management team, CSR & ethical consideration of the proposed business. Did not provide or poorly provided timeline and list of milestones. Adequate depth was not addressed. Non cited and unstructured work.	Very poor work. Either the answer was very weak, lacked depth and irrelevant

		structure and formatting was observed.			
05	20-17	16-13	12-09	08-05	04-00
	Very good discussion on revenue model, including pricing strategy and revenue streams, financial projections for the first five years of operations, including expected revenue, costs, and profitability (income statements). Proper rationale/ assumptions was followed when preparing financial projections. Detailed breakdown of expenses was observed. Excellently prepared a startup cost schedule and identified potential sources of capital. Sources of capital were explained theoretically with its pros and cons. A clear selection of sources of capital was observed. Adequately cited work. Answer followed a good structure	Good discussion on revenue model, including pricing strategy and revenue streams, financial projections for the first five years of operations, including expected revenue, costs, and profitability (income statements). Proper rationale/ assumptions was followed when preparing financial projections. A fair breakdown of expenses was observed. A good startup cost schedule was visible. Identified potential sources of capital fairly. Sources of capital were explained	Average discussion on revenue model, including pricing strategy and revenue streams, financial projections for the first five years of operations, including expected revenue, costs, and profitability (income statements). Financial statements were not detailed enough or lacked rationale. Startup cost schedule missed some important elements. Sources of capital were averagely discussed without ample elaborations. Answer carries some lapses or partially addressed. A couple of citations were used.	Poor discussion on revenue model, including pricing strategy and revenue streams, financial projections for the first five years of operations, including expected revenue, costs, and profitability (income statements). Answer lacked depth. Only summary figures were provided for income, expenses and profits. No enough details were provided. No proper breakdown of startup costs were evident. Poorly discussed sources of capital. Theoretical parts seriously lacked citations.	Very poor work. Student only addressed few areas of the questions, but in a poor manner. Unrealistic or irrelevant discussions were provided. Financial projections were not making sense.

		theoretically with its pros and cons at a good level. A clear selection of sources of capital was observed. Fairly cited work. Answer followed a fair structure.	Structure and formatting of the answer was average.		

ASSESSMENT STRUCTURE

- Paper Size : A4
- Printing Margins : LHS; RHS: 1 Inch
- Binding Margin : ½ Inch
- Header and Footer : 1 Inch
- Printing : Single Sided
- Basic Font Size : 12
- Font Style : Arial/Times New Roman

Important Information for Students

- **It is compulsory to write student full name and CMU ID number on assessment cover page**
- The assignment should be submitted as a **SOFT COPY in a word format ONLY.**
- The softcopy of the assignment should be uploaded to the **TURNITIN via Cardiff Met Moodle.**
- The softcopy of the assignment should be uploaded to ICBT SIS on or before the deadline after plagiarism check attached **with the TURNITIN Similarity Index Report**

- The soft copy should be saved directly to ICBT sis as one file. Documents saved in different files and/or in subfolders will be **rejected.**
    - Softy copy should be named as BSc -BSP (subject number)- followed by the Cardiff Met student ID number
        - E.g. for **BSP 6064- Change Leadership**
    - **BSc - BSP-6064 -20** ****

- Students are expected to keep a backup of all the assignments. ICBT and Cardiff Metropolitan University have all the right to re call for softcopy of any assignment at any time during the course.

- Please note that **plagiarism** is treated as a serious offence and therefore the work you produce **must be individual and original** although may work in groups in some instances (Please refer to Student Handbook on Plagiarism & Cheating).

- All sources of information must be **referenced using "Harvard referencing**" where a **reference listing** should be included at the end of the assignment.

- Please note that the submission date given for this assignment is the **final date** that you can hand over the assignment. No late submissions are allowed. (Please refer to the Student Handbook on Assessments - Late Submissions).

- Please refer to Student Handbook on Assignments – Re-submission, mitigating circumstances procedure.
